INFORMATION ON GOODS AND SERVICES PROCUREMENT FOR UPSTREAM PETROLEUM ACTIVITIES (“FAR”)

FAR Gambia Ltd as operator of A2 and A5 licences is preparing to drill the first exploration oil well before the end of the year.

Pursuant to article 12.1 of the licence agreement and the Ministry`s and FAR`S drive to leverage local content, FAR has provided the Ministry with the list of goods and services it intends on procuring for the drilling.

The above section envisages that the Licensee use of goods and services produced or provided in the Gambia provided such goods and services are:

- In accordance with accepted international standard
- Available on a timely basis in the quantity required, and
- Available at price that are not more than ten percent (10%) greater than those offered by an international supplier

As a new, emerging and highly technical industry, the Ministry is cognizant of the challenges local goods and services providers face in supporting the needs of the sector. Notwithstanding below is a list of goods and services intended to be procured by FAR, for the public`s attention.

FAR Gambia Ltd Samo 1 Well Procurement Listing

	<u>Description of Goods & services</u>	<u>Award Status</u>
1	Drilling Unit	No
2	Third Party Rig Inspection Services	No
3	Additional BOP Audit	No
4	ESIA and Baseline Surveys	No
5	Cementing Services	No
6	Drilling Fluid & Engineering	No
7	Directional Drilling including M/LWD(App I)	No
8	Fishing (App II)	No
10	Downhole Tool Rental (include in DD/MWD)	No
11	Wireline Logging (App V)	No
12	Mud Logging (App IV)	No
